

Veterans Wall of Appreciation - Northport High School

Dear Northport-East Northport School Community,

Northport High School is proud to announce the creation of a Veterans Wall of Appreciation near the gymnasium entrance, a commemorative display honoring alumni and staff members who have served in the United States Armed Forces. This student-supported initiative reflects our school's deep respect for service and sacrifice and will stand as a permanent educational and civic tribute.

The wall will be organized chronologically by conflict, beginning with World War II and continuing through the present-day. This structure will allow students, families, and visitors to understand the historical continuity of military service within the Northport-East Northport community.

Service recognized on the wall will include veterans and active service members from all branches of the United States Armed Forces, including the United States Army, United States Navy, United States Air Force, United States Marine Corps, and the United States Coast Guard.

The official unveiling of the Veterans Wall of Appreciation will take place on Thursday, November 5, 2026, at 6pm at Northport High School.

Eligibility Criteria

Individuals eligible for inclusion must be alumni of Northport High School or current or former staff members who have served on Active Duty, or who served in the National Guard or Reserves with federal activation, in any branch of the United States Armed Forces. Honorable, retired, currently serving, and posthumous recognitions are welcome.

Application Process

Eligible individuals may self-apply, or immediate family members may apply on their behalf by filling out [this Google Form](#). Applications will

collect service details, school connection information, and optional photographs to ensure accurate, respectful, and consistent recognition.

Honoring Service

This wall is more than a display, it is an enduring symbol of gratitude, remembrance, and education. By sharing these stories in a prominent school space, we ensure that future generations of Northport students understand the impact of military service and the sacrifices made by members of our own community.

With gratitude and respect,

Dr. David Moyer
Superintendent of Schools
